1. Hasan Dosti is said to have expressed his intention, early in January 1950, of resigning from the Committee for Free Albania because he considered that body to be hopelessly divided.
2. It is also reported that Dosti plans to visit Greece in February 1950 to confer with Albanians in that country.
3. On 12 January 1950 Xhelal Bushati* reportedly left Beirut for Italy under orders from ex-King Zog. It was expected that he would see Abas Kupi in Rome.
4. Early in January 1950 Abas Kupi was reliably reported to have applied for a visa to visit Greece.

Comment: Bushati, an Albanian Moslem and political refugee, on 15 April 1949, with other Albanian refugees in Damascus, sent a telegram to the Department of State in protest against considering the Albanian people responsible for the continuation of the civil war in Greece.
